

Winning Edge Undergraduate Skill Development Programme

CSD 1002 - Academic Composition and Communication

Continuous Assessment - 02

Individual Presentation

Presentation (Individual)

Create a meaningful presentation (by using PowerPoint, Google Slides, beautiful AI, Canva, or any other AI tool) by choosing one of the following topics; and upload a recorded presentation.

- The Science of Happiness: What Actually Makes People Happy?
- Can AI Replace Human Creativity?
- What if Money Disappeared? A World Without Cash

Assignment objective

This assignment aims to analyze the critical thinking capacity of the undergraduates of CSD 1002 and to assess their presentation skills.

Clues for the presentation design

- Do an in-depth research on the selected topic using different perceptions into the topic.
- Do not just discuss the good or bad side of the topic, do an in-depth analysis of the topic and support your claims with proof.
- Divide the parts of the presentations with meaningful subtopics.

General Instructions

- Use about 10 minutes to present your findings.
- You can use any of the following tools to make your presentations.
 - Microsoft PowerPoint
 - Google slides
 - Canva
 - Beautiful.ai
 - Prezi
 - Powtoon
 - Pitch
 - AI (any AI-related software)
- The deadline to upload the presentation is on or before **23 August 2026, 11.59 PM.**

Guidelines to Upload Presentations

Submission Link -

- Name your presentation accordingly as “**BUS-24-02-XXXX - CA 02**”.
